

# smartstation™ 540

## All-in-one Electromagnetic staff workstation

### Decrease processing time with multiple item handling

smartstation™ 540 is our most complete solution for the activation and deactivation of EM security, providing the ability to process multiple items in a single transaction. With an activation/deactivation zone of 100mm (almost 4 inches), smartstation™ 540 can typically process up to 5 'regular' sized books at a time, meaning that processing time is reduced by a factor of five, compared to processing items one at a time.

### Easily verify the security status of any item

Library staff can use the smartstation™ 540 to determine whether an item has an EM strip and if it's been deactivated. This is particularly useful when the security status of certain items are unknown.

### Deploy full EM security control wherever it is required

smartstation™ 540 can be positioned anywhere in the library where a standard power outlet exists, giving you the freedom to deploy full EM security activation and deactivation wherever it is required.

### Streamline workflow of security measures

smartstation™ 540 is the perfect way to decrease staff time and streamline workflows at many points around your library, allowing EM security to be added or removed in the most efficient way possible.

## Specifications

**Dimensions:** Detection unit h: 369mm / 14.5" | w: 278mm / 10.9" | d: 243mm / 9.6"  
Control box h: 260mm / 10.2" | w: 170mm / 6.7" | d: 180mm / 7.1"

**Weight:** Detection unit 4.5kg / 9.9 lbs  
Control box 12kg / 26.5 lbs

**Material:** Stainless steel and glass

**Power:** Input voltage: 110VAC & 220VAC ± 10%, 50Hz

**Performance:** Functional height ≤ 100mm / 3.9"  
Magnetising power ≤ 60W  
De-magnetising power ≤ 30W

**EM Specification:** Detects a wide-range of EM labels

**Standards & Compliance:** CE, ISO9001

**Installation:** Working surface height ≤ 100mm / 3.9"

**Item processing:** Multiple items can be processed at a time (within active zone)  
Active zone is 100mm / 3.9"

**Product Source Number:** All in one Workstation
